No problem – looks like Wednesday morning works for us (Mike is only available 9-10 and 12-2). On Thursday, my group is available from 3 on. If it needs to be next week, Nov. 7th and 8th in the morning are open and Nov. 9th in the afternoon is open.

Thanks,
Terri

Thank you, Terri. Thursday late afternoon is a possibility for EPA. Unfortunately, Friday is actually not workable for us. Jim Doyle, the Team Leader for ORC's New York / Caribbean Superfund Branch, will be out of the office all day and I would like him to be on the call. Do you have availability on Wednesday (other than the conflict at 2pm)? If not, we can try for the following week. I have not yet heard back from Dale Desnoyers.

As a follow up to our call today, DEC is available after 11:30 on Friday. Chad said we can proceed without him if there is no other time that the group is available on Friday. Similarly, Mike Ryan will also participate if he is available when the call is scheduled but said not to hold up scheduling it for his busy schedule to avoid any delays on the discussions with Honeywell. There are also some openings with the group's schedules on Thursday if that works better on your end.

Thanks,
Terri
